

Cherry Tomato Salad

Monday, 01 March 2010 11:34 - Last Updated Wednesday, 24 March 2010 07:42

Here's the latest harvest from the indoor salad growing exploits... These cherry tomatoes are just the best when harvested right before eating. The salad greens are on the wane now, so a new planting will be started in the Aerogarden this week. Nothing like a little color on the table in the dead of winter.
