

Garden's Progress

Friday, 14 May 2021 09:56 - Last Updated Friday, 14 May 2021 10:18

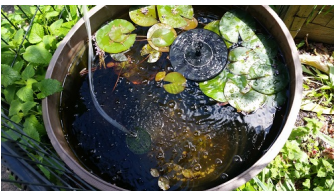

The garden is in full swing now. Temperatures are above the 60's pretty much. The raised bed box was filled with fresh soil, tilled and the pits dug for the tomatoes and mini Red Bell peppers being transferred from the aero gardens.

The first tomato. Can't wait for more.

Three Kinds of Lily this year. Little Yellow Helvola (it's back), small peach lily and large white lily that bloomed once!

Here's the whole garden ready for 2021
